

2010 CSA Farm Share Order Form

By selecting one of the purchase options below you agree to the following:

We (Dart Creek Farm, DCF) will do everything in our power to provide a variety of fresh, crisp and clean vegetables in a box for a family of 2-4 each week for a period of 22 weeks beginning sometime in June. The first few boxes may be smaller until the vegetable growing season is fully underway. We will do our best to grow the variety of vegetables listed on the website to ensure that same variety in your box. We will harvest the vegetables less than 24 hours before they are delivered. DCF will not use chemical pesticides/herbicides or fertilizers so some vegetables may show signs of insect damage. You will notify us promptly and we will address any problems that arise promptly, and do everything we can to make things right. You (the buyer) agree to have your box picked up on a weekly basis at the designated place (tentatively, 3 different choices in Portland and Scappoose). If a box is not picked up by the designated time, it will be donated or sold at market. We take the risk together. You provide the funds and we purchase the seeds, soil amendments, equipment, and labor necessary to provide you with fresh vegetables throughout the season. You understand that farming is unpredictable and that the weather, pests, and other variables will affect the size and variety of your share. You trust us, as farmers, to do our best.
